THE SEA COAST ECHO, SATURDAY, JUNE 11, 1927.

THIRTY-SIXTH YEAR, NO. 24.

ANNUAL ALUMNI MEET HELD AT ST. STANISLAUS COLLEGE SUNDAY LAST

One Hundred and Thirty-Six Loyal Sons of Former Classes
Assemble—Event of Unusual Interest—"Old Boys"
Tie 1927 Baseball Team in Interesting Game.

Sunday, June 5th, witnessed another epoch in Stanislaus history. One hundred and thirty-six loyal sons of former classes journeyed back to pledge loyalty and faith anew to their Alma Mater, Stanislaus. Members of every class from 1876 to 1927 were present at the meeting and helped to make it such a tremendous success. Such meetings are good things for the members of the alumni, inasmuch as they bring to mind the high ideals and ambitions with which they left Stanislaus; they are good for Stanislaus because they advertise to the world that Stanislaus is the mother of men—loyal men.

The vanguard of the old boys (we speak of them as boys—they are boys on this particular day) arrived Saturday afternoon. From that time on a steady stream poured into the college until at 10:30 Sunday morning everyone was present to attend Mass. According to one of this year's graduates, their joy at being back here again makes him feel sorry that he is leaving.

At eleven o'clock a meeting was held in the study hall, with Brother Peter presiding. Considerable confusion was noticed for a time, as the grads scuffled for the privilege of occupying their old desks. Yes, just big overgrown boys for the day.

Minutes of the day record that Mr. August Claverie, 1877, was elected president; Michael M. Irwin, 1916, first vice-president; Guy Ross, 1907, second vice-president; Charles Mitchell, 1908, third vice-president; Walter Gex, Jr., 1924, secretary; Jules H. Mialaret, 1911, treasurer; Father Leo Fahey, 1914, chaplain. Mr. Foster Commagere, athletic director at Stanislaus for the past several years, was made an honorary member of the body.

The following were appointed as an advisory committee to the president: Robert Wilson, 1882; Charles Tassin, 1897, and Linden Breaud, 1904. This committee was appointed to draw up by-laws and to elect officers: Charles Wilbert, Jules Mialaret, Guy Ross, Father Claverie, Charles Mitchell, James Brittingham, Marion Green, John Irwin, Cyril Claverie, Jacob Hassenger, Walter Gex, Jr., Marchmont Schwartz, Charles Jaubert, Edward Zaunbrecher, Joseph Parillo, Cyprian Spori and Linden Breaud.

The first Sunday of June was appointed as Reunion Day.

At 12:30 the banquet was held in the college dining room. Comparative silence reigned for half an hour after grace. Brother Cyron had outdone even his jubilee. A big dinner. The food was delicious and in abundance. Immediately afterwards, Vice-President Irwin read the minutes and introduced the officers. Mr. Foster Commagere and Reverend Father Fahey made very interesting after-dinner speeches. They Brother Peter took the floor and outlined the future activities and projects of the body. It was an enjoyable affair.

At 2:30 the Varsity-Alumni game was called. The game, it might be called a "family fight," lasted ninety hotly contested minutes to a draw. The old boys were in their prime and kept the varsity guessing. The final score when the game was called in the ninth was 6-6 (favor of Stanislaus).

Directly after the game the reunion dispersed. The grads left for home singly and in groups of two and three, but all with a new feeling of unity and oneness.

Brother Peter, in speaking of the meeting, stated that flood conditions in Louisiana had prevented a great number of the association from attending, and that he would expect three or four hundred next June.

HARRISON COUNTY AWARDS BRIDGE CONTRACTS CO. LINE

New Bridges For Wolf River, Bayou Portage, Bayou Delisle—Marked Improvements For Bay St. Louis—Pass Christian Route via Kiln.

The Harrison county board of supervisors Wednesday afternoon at Gulfport awarded a contract to Newsome Brothers, of Columbia, for repairing and building bridges on the Pass Christian-Delisle-Kiln road over Bayou Portage, Wolf river and Bayou Delisle and several smaller streams between the Warrenton road north of Pinehill and the Hancock county line at a cost of \$11,524.00, the county to supply the material.

The Southern Paving Construction company was awarded the contract for the Bay Harbor road extending \$100 north from the Louisville bridge at Biloxi for \$14,915.

Travelers by auto from Hancock county over and into Harrison county will learn of the enterprise of Harrison county's Board of Supervisors with more than ordinary interest.

Steady increase in American exports of automobile materials have been noted in the commerce department trade figures issued recently. Most of the shipments went to plants established by Americans and for the most part are controlled and operated by Americans.

CLUB GIRLS TO HOLD MEETING

Girls' County Home Demonstration Short Course For
June 22 to 24th.

DOROTHY DIX TO
GIVE LECTURE

Three-Day Annual Session
to Be Held Premises St.
Joseph Academy.

June 22, 23 and 24th are the dates selected by Miss Maymie O'Dom, county demonstration agent, for the holding of annual short course in Bay St. Louis by the Girls' County Home Demonstration club, and already considerable interest is aroused over the county in the interest of the project.

Speaking to The Echo Miss O'Dom expressed the hope that no girl who is enrolled in a demonstration club will miss this course. "We will have with us," said Miss O'Dom, "specialists from A. M. college, Newcomb, college and M. S. O. W., besides recreational leaders who will furnish a number of outstanding diversions that will be most helpful as well as most entertaining. Outstanding among this number is Dorothy Dix, of New Orleans."

Miss O'Dom has addressed a letter to every girl club in the county, in which she calls attention to "stunt night." "Get your little crowd together," she writes, "and prepare a stunt; it makes no difference how simple or how elaborate, but be sure it is put over well. The point in everything is to do that which you do well. See that your club is enrolled 100 per cent."

"If you are living out of town and have to live in the dormitory these are the points:

"Your lodging for three days is \$1.00; you are to bring with you your knife, a simple spoon, plate, cup and glass; notebook and pencil, scissors, thread, thimble; sheets, towels, soap, comb and brush, together with any other toilet articles and a change of clean clothing. (Remember this is no dress parade and what you want to wear is a simple plain dress, preferably your club dress. I wish that every girl who belongs to the club would make two club dresses and wear one each day. You will look much better and it would simplify things in this line). Don't forget your bathing suit."

"Girls, let's make this the biggest short course ever held along the Gulf Coast, not only in Hancock county. You can do it. Are you going to do it?"

"Write me before June 15th saying whether you are coming or not."

Throttle Blaze,

The efficiency of Night Watchman George F. Scheib showed to excellent advantage on Tuesday night when the store building occupied by Frank Angelo, as a fruit stand, caught fire.

Passing the premises at 11 o'clock, the officer noticed that smoke was emanating from the place. He promptly broke open the door and single handed fought the blaze that was gaining headway. After a hard battle the officer managed to extinguish the flames before very serious damage had taken place.

The building is owned by Aug. Schiro and insured through the Hancock County Bank company. The damage was slight.

It is very gratifying to note that this town is patrolled by an efficient officer at night, and Mr. Schieb is deserving the commendation.

Miss Sauzier Graduates From M. S. C. W.

Mr. and Mrs. Harry Stuart Sauzier, accompanied by their daughter, Miss Marion, motored up to Columbus, Miss., last week where they attended the graduation exercises of the Mississippi State College for Women, where their eldest daughter, Miss Valmae, received her A. B. degree. Miss Sauzier graduated from St. Joseph's academy, Bay St. Louis, in 1927, last week where her class, the Sauzier family and the townspeople generally are justly proud of this native Bay St. Louis young lady, who has received a degree. She has been elected to fill the chair of history at the Bay High school for the coming season this fall.

WESTON IS BUSY LOCAL BRIDGE

His Message to Senator Pat Harrison Bears Fruit and Results Forthcoming.

SENATOR HARRISON
PROMPT IN ACTION

U. S. Chief of Bureau of
Public Roads Writes Local
District Engineer.

Noting there was considerable apparent delay in the progress of construction of the Bay St. Louis bridge, H. S. Weston, president of the Board of Supervisors, and also president of the Bay St. Louis Chamber of Commerce, took occasion to officially communicate with Senator Pat Harrison, at Washington, asking that official to make inquiry in the matter relative to delay and why the cause.

Mr. Weston is the father of the Bay St. Louis bridge project, and naturally is actively interested in its official capacity in seeking completion of the construction of bridge within reasonable time.

In reply to his first message of inquiry to Senator Harrison, Mr. Weston received the following letter from the senator's assistant secretary:

"United States Senate,
May 18, 1927.

"Mr. H. S. Weston,
"President, Board of Supervisors,
"Bay St. Louis, Miss."

"My dear Mr. Weston:
"Senator Harrison left for Mississippi last Saturday. On May 13, he wrote the Chief of the Bureau of Public Roads, copy of which letter we forwarded you, and today we are just in receipt of a reply which is enclosed herewith.

"As soon as the report from the district engineer is received I shall be pleased to forward it to you."

"Very truly yours,
"J. A. MAISAK,
"Assistant Secretary."

The carbon copy letter referred to in above follows:

"June 4, 1927.

"Mr. H. S. Weston,
"President, Board of Supervisors,
"Bay St. Louis, Miss."

"Dear Mr. Weston:
"I enclose carbon copy of a letter from the Acting Chief of the Bureau of Public Roads, explaining the causes of the delay in the construction of the Bay St. Louis bridge and stating that the new terms to be no reason for any further delay."

"Sincerely yours,
"E. M. STEVENS,
"Asst. Secretary."
"United States Department of Agriculture,
"May 17, 1927.

"Hon. Pat Harrison,
"United States Senate,
"My dear Senator Harrison:

"Receipt is acknowledged of your letter of May 13, 1927, relative to the construction of the Bay St. Louis bridge, Mississippi Federal Aid Project No. 85, Section A.

"On April 16, 1927, our District Engineer, Mr. R. B. Toms, made an inspection of this project and reported that the work in progress was that of unloading materials and placing decking on trestle. His report indicates that at that time the project was about 10 per cent. complete and that the relative progress was normal. It was also remarked that they were finding some difficulty in securing piles of sufficient length. This may have caused delay during the last month.

"I am sending a copy of your letter to our District Engineer with the request that he advise us of the progress of the work at the present time. As soon as I hear from him I will again communicate with you."

"Very truly yours,
"THOS. WACKNER,
"Chief of Bureau."

These letters give evidence of Mr. Weston's activity in the premises. Since then all cause of delay due to difficulty in securing official measurements and proper piling has been removed and material arriving.

It will be noted work of driving piling on the Harrison county side of Bay St. Louis is progressing rapidly and it can plainly be seen the bridge is looming up and fast approaching toward the point where the Hancock county side of the bridge comes to a stop in deep water.

The foregoing letters were read at the Chamber of Commerce this week.

BEAUTIFUL PARTY FOR S. J. A. CLASS.

Mrs. G. Y. Blaize, Jr., former student of St. Joseph Academy, Bay St. Louis, entertained members of Class '27, Tuesday night at Hotel Weston.

The table decoration was carried out in olive and blue, with a large basket of forget-me-nots in the center of the table. The favors were European novelties, consisting of Dresden china statues, holding small bottles of imported perfumery.

Among those present were Misses Mary Bourgeois, Alicia Black, Evelyn Boh, Lynn Sauzier, Alberta Beyer, Lila Glenroy, Anna Lejeune, Vivian and Margaret Blaize. The party was one of the several and of the handsomest given to the members of the class.

HANCOCK COUNTY SEAWALL

Sells Bonds For Waveland
and Other Road Protection
For \$425,000.00.

BONDS TO CARRY
5-3-4 INTEREST

Bonds Sold in Addition to
Original Issue of \$500,000
Sold Nov. 1, 1926.

Hancock County Board of Supervisors on Monday forenoon sold \$425,000 worth of bonds, proceeds to be devoted to the construction of seawall along certain parts of Bay St. Louis and principally along Waveland and that territory contiguous to the south end and toward Clement Harbor.

The bonds were sold by the county to Caldwell & Co., of Nashville, Tenn., and bear 5-3-4 per cent interest and brought a premium of \$300. The bonds are dated November 1, 1926, the date of the original bond sale when \$500,000 bonds were sold by the county for the same purpose. In order to remain within the confines of the authority vested in the county by the original order for the issuance of the total amount of bonds, it was necessary to make the sale. To do so later would have been void.

Bids for the construction of the Waveland seawall will be opened in Bay St. Louis by the Hancock County Road Protection Commission, of which R. C. Engman is president, on Tuesday, June 14th. It is expected there should be no further delay in building the Waveland seawall.

Other bidders at the sale included the Capitol National Bank of Jackson, Southern, Barry & Co., of New Orleans; Mississippi Bond and Securities company, of Jackson; Well, Roth and Irving company, of Cincinnati, and Meridian Finance corporation.

Knights COLUMBUS
HOLD ANNUAL STATE
CONVENTION G'PORT

Bay St. Louis Represented—G. O. Korndorfer, of Natchez and Bay St. Louis, Re-Elected Treasurer—Natchez Next Meeting Place.

Annual state convention Knights of Columbus adjourned Monday after a two-day session at Gulfport.

Officers Elected.
One of the features of the convention was the election of officers, Thomas McKenna, of Natchez, being chosen state deputy. Other officers follow: State secretary, J. J. Ducote, Gulfport; state treasurer, E. O. Korndorfer, Natchez; state advocate, R. F. Evans, Vicksburg; state warden, J. O. Hanway, Greenville; state warder, J. Mauffray, Gulfport; past state deputy, Nick Conti, Vicksburg.

Those in Attendance.
Representatives to the convention were: State deputy, T. A. McKenna, Natchez; state secretary, E. J. Luckenbach, Greenville; state treasurer, G. O. Korndorfer, Natchez; state advocate, J. O. Hanway, Greenville; state warden, J. Mauffray, Gulfport; past state deputy, Nick Conti, Vicksburg.

E. J. Arceneaux, A. G. Favre, Bay St. Louis; Joe Rielly, B. D. Roper, Greenville; J. J. Ducote, E. Cabibi, Gulfport; R. P. Knight, B. E. Forsmark, Hattiesburg; C. B. Kane, C. B. Boone, Jackson; P. J. Ketrick, Laurel; Leroy Garrity, J. D'Antoni, Natchez; J. M. Ross, R. E. Ross, Pascagoula; Albert Sidney Johnston, W. E. Wink, Biloxi; R. F. Evans, C. W. Katzenberger, Vicksburg; E. P. O'Flinn, John V. McQuillan, Meridian.

"Ella Brooks Canty" Arrives
in Japan.

Bay Saint Louis is never behind in any thing.

The committee on "World Friendship Among Children," instituted by the Commission on International Justice and Good Will of the Federal Council of the Churches of Christ in America, proposed sending dolls from the United States to Japan to attend the doll festival, "Hina Matsuri," on the third of March.

The Junior Missionary society, of the Methodist Church of Bay St. Louis, under the supervision of Mrs. W. W. Stockstill, and the primary department of some Sunday school, under the supervision of Dr. J. A. Evans, were represented by Ella Brooks Canty, whose passport and steamer ticket read No. 5490.

The doll was beautifully and tastefully dressed by Mrs. H. U. Canty, in appreciation of which the doll was given the above name.

You readers have read of the movement, copies of the national letters from Japan's officials, written in appreciation, have been received by the senders of doll No. 5490.

NEW PASS BUILDING FOR HANCK

Hancock County Bank of
Bay St. Louis Lets Con-
tract For Bank Bldg.

PASS CHRISTIAN
GETS FINE BUILDING

To Represent Investment of
Approximately \$62,000.00;
Geary-Oakes, Contractor.

Sealed bids were opened in Bay St. Louis Tuesday afternoon by the Board of Directors of the Hancock County Bank for the building of a new bank building for the Hancock County Bank at Pass Christian. There were quite a number of bidders. To Geary & Oakes, of New Orleans and Bay St. Louis, fell the success of capturing the contract. Their bid for the mere building proper was \$47,300.00.

Alonzo B. Haydon, Co. of Pass Christian, were the lowest and successful bidders for the plumbing and heating, and the Riecke Cabinet company, of New Orleans, captured the contract for all marble and other fixture equipment.

Approximately the building will cost \$63,200.00, and will be one of the handsomer and more pretentious buildings of its size and cost in this section. A drawing of the building, by the architect, carries out this aspect.

"Perhaps in the entire South," said Cashier Leo W. Seal to The Echo, "no building of the kind will approach this one in every point—in appearance, substantial attractiveness, its unusual handsome architecture, and the arrangement of interior and fine fixture."

The architect had carte blanche, and even after he had completed his work our board added to the plans rather than curtail the cost, which is generally the case."

The building will occupy the corner of Davis and Front streets, and will be a two-story building, with a Northport story and will be constructed of masonry brick and granite stone, and marble will be used liberally. It will be of the ornamental type, yet substantial in construction and to give that air of solidly characterizing hand buildings. It will be two stories, with many offices on the second floor, all of which have already been rented or spoken for.

The bank building will be an ornament to the growing Mississippi Gulfport, and a distinct contribution to its growth and progress.

H. S. Weston is president, Robt. C. Engman, vice-president; Leo W. Seal, cashier of the parent bank in Bay St. Louis, with H. S. Weston, A. Robertson, R. J. Ladner, Cartwright, B. C. Engman, Leo W. Seal, Carl Marshall.

The Hancock County Bank has banks at Logtown, Pass Christian and Long Beach, the latter new and recently opened. Such enterprise is to be commended and success calls for congratulation.

"GREY CASTLE,"
RESORT HOTEL, FOR
PASS CHRISTIAN

Former Menger Property Is Being
Converted into Special Resort
Place By Orleansians—To Be Show
Place of Gulf Coast.

Pass Christian is to have a special resort hotel in Grey Castle, which is being developed on the former Menger property on East Beach, Pass Christian. The company that is developing this property has as directors Wm. J. Coutourie, G. J. Arbour, Jr., John G. O'Kelley, George W. Brown, all prominent New Orleans business men who have summer homes on the Coast and know the Coast intimately. Mrs. Wm. J. Coutourie is a director of the company also, and she is an experienced hotel operator, having successfully managed Lynn Castle at the Pass for a number of years.

The property is being cleared of all unsightly growth and the large trees and palms of the grounds are being pruned and worked into attractive form. The plans for Grey Castle are built around the old house on the place and allow for wings to the east and west, while an extensive change of interior will be affected. Forty-two guest rooms will be arranged on the house, while the public rooms from the plans promise some interesting features. Walter Cook Keenan, of New Orleans is the architect.

The Mississippi Mortgage and Bond Company is handling the bonds and will carry on a campaign of extensive advertising. It is of interest to know that there will be \$1.63 of stock for each \$1 of bonds issued, which means, stated officials of the bond company, that there is plenty of cash back of the project to see it through to completion. A total of \$100,000 bonds will be sold. Already stock to the amount of \$134,000 has been taken by the directors and those backing this development.

The construction of Grey Castle will answer a need in Pass Christian, it is believed, coming as it does, on the beach with a frontage of 408 feet, and thus being well located for a specially good summer resort house, playing to clientele that enjoys Coast pleasures.

MAYOR BLAIZE GIVES THE ECHO STATEMENT AS TO BOND SUBJECT

States There Is Considerable Misunderstanding Concern-
ing Bond Issue to Be Voted Next Week—Says He Has
Never Failed Public Yet.

THEATER
SCHOOL
SESSION

Saengar Amusement Com-
pany Coaching Managers
From Southern Circuit.

TEN-DAY MEET AT
ELMWOOD MANOR

John Barry, of Paramount
School, New York, Heads
Institute.

Elmwood Manor, recreation home for the Saengar Amusement company, at New Orleans, and owning a hundred theaters over the South and Circuit, is the scene this week, and will continue for ten days, of the annual school of instruction.

John Barry, of the Paramount school, of New York, is instructor in charge and has quite a large class, composed of managers and others from many of the theaters forming the Saengar circuit over the South. Barry is a wizard in his line and is putting in overtime.

The opening lecture Monday was on "Good Theater Management," and other lectures and instructions will continue from day to day until next Thursday, the 16th. General E. V. Richards, of New Orleans, is president and gives the school an atmosphere of both official and social bearing so much desired. When Mr. Richards is not in New Orleans he is in neither place it is a safe bet he is in Bay St. Louis, one of the most ardent boosters for this section.

Bay St. Louis welcomes the Saengar Amusement company's managers from over the South, and the hope is expressed that while it is known their stay here will be profitable it is also hoped it will be one mingled with much pleasure.

Many Rotarians are in the number, and the Bay St. Louis Rotary club has officially invited the number to its meeting at Hotel Weston next Wednesday, the invitation extended to Eugene Clark, who was present at the club luncheon this week, and one of the most popular men of the lot.

One other thing about which there seems to be some misunderstanding as to how the city will take place, or that is, in what way the streets will be paved. When the bond issue is voted on under the law, the streets will have to be paved exactly in the order as set out in the Minutes of the Board of Mayor and Aldermen, which was made to raise the necessary money to pay for the new Central School building will be available to apply to this paving fund, or that is to say the Central School building will have been paid for, and the money which it was necessary to raise in order to retire the bonds issued therefor, will no longer be necessary, and the tax levy exactly where it is today.

Some other thing about which there seems to be some misunderstanding as to how the city will take place, or that is, in what way the streets will be paved. When the bond issue is voted on under the law, the streets will have to be paved exactly in the order as set out in the Minutes of the Board of Mayor and Aldermen, which was made to raise the necessary money to pay for the new Central School building will be available to apply to this paving fund, or that is to say the Central School building will have been paid for, and the money which it was necessary to raise in order to retire the bonds issued therefor, will no longer be necessary, and the tax levy exactly where it is today.

This order of paving will insure to the people of moderate means a paved street in front of their homes, no matter how humble the home might be, or poor the taxpayer. They will, through this bond issue, be insured as good treatment as the people who live on the streets already paved.

You know that I have never yet failed you, that I have never promised you a thing I have not done, and I promise you here that whatever you vote for in this election will be given you in its full measure.

Come to mass meeting tonight, Saturday, and be convinced—8 p.m. front of Mahier's bungalow.
G. Y. BLAIZE, Mayor.

B-W. Y. C. Opening For
Season.

Formal opening of the summer social season at the Bay-Waveland Yacht Club, Bay St. Louis, will occur on next Saturday evening, June 18th, and will be followed with a dance every Saturday evening until September.

Nothing in Bay St. Louis has proven more attractive and popular to the thousands of visitors who are welcomed to our midst annually than the Saturday night hops at the B-W. Y., and this season promises not to be an exception. On the contrary, it is announced every effort will be put forth to popularize the dances and make the club a place of great pleasure to the greatest number of people.

From next Saturday evening, June 18th, members and others (guests) will now depend on a week-end dance every Saturday throughout the season. For further information address George J. Toca, secretary in charge, with telephone at the club.

"Stars" Will Play Tomorrow

The Bay St. Louis Stars traveled over to Biloxi Sunday and played one of the best games of the season.

The L. & N. Baking company, of Biloxi, has a fast team and just did edge out the Bay Stars by a close margin of 8 to 5. The game lasted fourteen innings.

The Bay St. Louis Stars are composed of local boys and have been organized and practicing for the past month. Their next game is Sunday June 12. They will play the Strobblers, of New Orleans, at St. Stanislaus Baseball Park. Game will be called at 2:45. Come out and help the local boys.

What has become of de Pinedo?

Swimming is coming into its popularity now.

Go to church next Sunday and see if it hurts.

Half-holidays make hard work, sometimes.

A vacation never means the same thing to different people.

What has become of the citizen who started his garden early?

You can never tell how far your money will go until you spend it.

Some poultrymen think hens lay eggs whether you feed them or not.

There are still a few people who believe that honesty is the best policy.

Nobody likes a pessimist but what can a man do when he has not the cash?

The Red Cross still knows what to do with contributions for flood sufferers.

Paying your subscription during the month of June helps the editor get a vacation.

The sweet young things, if they don't stop soon, will quit wearing skirts altogether.

We expect there are Chinese who blame the revolutionists in that country for the earthquake.

We never could understand why some people carry watches; they never seem to rely upon them.

If merchants want business to take a long vacation, the correct procedure is to stop advertising.

This month will see, it is estimated, the end of freedom as far as some 15,987 men are concerned.

Our extra slice of pie is awarded to the husband who goes on a vacation wherever his wife determines.

Commencement orators have straightened out the world again this year, but the old globe continues to wobble.

Nothing will equal Linbergh's reception marking his arrival at the Capital today. Barring none he is easily the idol of the nation. The young man shows a level head and good sense. His innate modesty and general bearing are attributes that make the man and made it possible for him to accomplish the feat that will ever live in history.

The outlook for Hancock county is rosy. With the filing of oil leases by major companies, and the fact a paper mill is virtually assured for this county, involving a deal of some eight million dollars, there can be nothing but prosperity straight ahead. Such potent indications for Hancock's immediate prosperity spells much for Bay St. Louis and it is apparent, with a constant influx of summer and winter residents, to say nothing of the constant flow of people who are moving hither to make this section their permanent home, Bay St. Louis will soon be a city of more than ordinary pretension.

NEW RADIO CHANNELS

Radio fans of Hancock county will be interested in the recent announcement of the Westinghouse company, which tells of a radically new system of broadcast transmission, which permits stations to operate with only one-half kilocycle separation between the waves. This will furnish 1900 exclusive channels, one for each of the 680 licensed stations, with plenty to spare.

Then, another development, which may become a reality, is the formation of a new broadcasting chain, to be brought into being by the Famous Players, a motion picture company. It is understood that at least a dozen stations will be included in this rival of the Blue and Red network of the Broadcasting Company of America.

DRINKS WATER IN FRANCE.

Captain Lindbergh, enjoying the honors paid him in France, has had thousands of glasses raised to him. At every dinner there was a formidable array of wines. While he has no fixed ideas on prohibition the young hero explains that he has not really had time to learn how to drink, nor has he any desire to begin now. He therefore has depended upon water abroad.

Without criticism to those who love their drinks we cannot fail to observe that this young man, in this respect, as in many others, sets an excellent example for Americans abroad. As is well known, some of our citizens, once they get abroad, try to show what they think of prohibition by drinking all they can. Their action does not enhance the reputation of Americans abroad, no matter how little they might be deserving of censure.

BUILDING A FUTURE FORTUNE.

Those who are inclined to take long shots at fortune, like the purchase of German bonds, or other foreign securities of speculative values are entitled to know of this one.

The federal government, in about one year, will begin distributing new paper money, which will be smaller than the present currency by one-third. Naturally the present forms will disappear and in about one hundred years the possession of one will entitle the owner to a handsome premium.

Therefore, we call the attention of all air castle builders in Hancock County to this bubble. Secure a few specimens of paper money, store them in the attic trunk, and maybe your great-grandchildren will be puzzled to recollect the means of the old ancestor who left the treasure behind him when he moved away.

AN IMPORTANT DECISION.

A zoning law recently passed by the city of Gulfport, in an attempt to keep the building of a filling station on the beach side of that city, was declared void Monday by the Supreme Court, in the case of Samuel Dart versus the City of Gulfport, and in a direct way will affect the city of Bay St. Louis as well, since the matter of zoning the beach front has come under discussion.

This decision is of outstanding interest to residents of municipalities throughout the entire state, it is said, as it practically declares null and void a recent act of the Legislature allowing cities to pass zoning ordinances and prescribe the kinds of buildings that are to be erected within certain bounds. Under this decision it appears certain any zoning ordinance passed by the city of Bay St. Louis prohibiting the construction of buildings on the beach side of Front street, would be null and void.

The decree of the Chancery court of Harrison county, at Gulfport, last September, in which Dart's petition for an injunction against the city of Gulfport to restrain them from interfering with him in the erection of a filling station on West Beach, south of the beach roadway, near the City Park, was denied, and his bill dismissed, but the decision handed down Monday by the state's highest tribunal is in favor of the appellant.

The story of the affair is told best from a Gulfport press report: "Dart purchased the beach front property, according to the record, in the trial of the case here in September of 1925. He secured a building permit from the city for the erection of a bungalow and filling station."

"On February 25, a week after he had been given his building permit, the city council passed a zoning ordinance, which threw this piece of property in a district where filling stations were taboo. On March 1, Dart was notified that his permit was cancelled and accordingly he sought an injunction which would enable him to go ahead with the work. His petition was denied, however, and the filling station was not erected. The reversal of the chancellor by the supreme court will make it possible for him to go ahead with the erection of the building as planned, said attorneys."

L. & N. WILL BRING 'EM SOUTH.

Many travelers in the area affected are expected to take advantage of the special round-trip rate of a fare and one-tenth, which has been authorized by the Louisville & Nashville railroad between Cincinnati, Louisville, Evansville, Saint Louis and Chicago, and all stations on the Mississippi Gulf Coast, from Bay Saint Louis to Pascagoula, inclusive, effective each Saturday, beginning with the first Saturday in June and operating up to and including the last Saturday in September, according to information which has just been received at the headquarters of the Mississippi Coast club from J. K. Ridgely, of New Orleans, General Passenger Agent of the Louisville & Nashville railroad, lines south of Birmingham.

With the splendid summer recreational facilities available throughout the Mississippi Coast region—swimming, sailing, fishing, golf, tennis, horseback riding, motoring and other sports, the added advantages of the attractive rate offered by the Louisville & Nashville railroad, it is believed will be materially effective in bringing to the Mississippi Coast a large crowd of visitors to take advantage of the unusual vacation accommodations, which the Mississippi seacoast offers.

"Prospects are favorable for a decidedly successful summer season throughout the Coast area," said a representative of the Mississippi Coast club today.

LADIES AND GENTLEMEN, VOTE.

There will be an election in the city of Bay St. Louis on Wednesday of next week, June 15th, when the voters of the municipality will have an opportunity of casting their ballot for or against, as the case may be, in the matter of a proposed bond issue by the city in the amount of \$210,000.00, with which money it is proposed to pave certain streets already enumerated in these columns through the process of official publication.

The Echo would like to see a heavy vote polled on that day. We wish to see every lady and gentleman, qualified to do so, turn out and cast their ballot, and express thereby their honest conviction in the matter. This subject of another bond issue for the city in the sum of two hundred and ten thousand dollars is a serious business. It is the taxpayers' business and not one or more individual's private affairs. Consequently, we would like to see them turn out in large numbers and settle this important matter fully either one way or the other.

The idea is that no vain regrets will be expressed the next day or later. If it is to the city's best interest to issue these bonds and that the balance of the city's streets and alleys be hard-surfaced it should be registered at the polls fully and leaving no room for doubt.

If our taxpayers are of the opinion that they are sufficiently burdened with taxation, and that, in the face we have already outstanding \$303,000.00 municipal bonds to be retired, plus interest, then they should say so at the polls next Wednesday. The idea is to make no mistake, either one way or the other. Our people are intelligent, and can think for themselves. They are the best judges of the elasticity of their pocketbooks.

As a matter of information The Echo herewith publishes the amount of outstanding bonds today against the city of Bay St. Louis: Seawall, \$151,000.00; waterworks, \$56,000.00; school, \$60,000.00; sidewalks, \$36,000.00; total, \$303,000.00. Of the school bonds the full amount has not as yet been issued, but that amount is authorized and part major portion already issued.

TAKE A VACATION.

The Sea Coast Echo feels that a few words of advice at this time of the year along the idea of the propriety of taking a vacation might be helpful. No man, or woman, can do the best work without an occasional cessation, a time when the mind and the body can get away from the routine and idle along.

No matter how the family purse may be, whether fat or lean, a vacation is possible. Too many people have the notion that a vacation cannot be successful without the expenditure of a large amount. Of course, we admit that ample funds are pleasant, but the real idea of a vacation is a rest, and too often these carefully planned summer campaigns fail to provide real enjoyment, especially to minds that are tired and bodies that are weary.

When you read this, make up your mind to rest this summer. It will be enjoyable. It will help you work more when you return. It will pay.

No matter how many people get vacations the old newspaper has to come out on time. Even those who say they don't want to would be criticizing it for taking a rest.

Advertisers in our next issue will be assured of the same kind of service and the same expectation of results that we have given the other fifty-one issues of The Sea Coast Echo.

This Week.

Lindbergh and Columbus.

A Wonderful Motor.

No Jumping.

Lungs Too Good.

BY ARTHUR BRISBANE.

(Copyright, 1927)

By the way, fathers and mothers, sad because their sons lack college education, will observe that Lindbergh went to no university, and his "prep school" was a plow on his father's farm. He was a solitary boy, thinking, enjoying danger and new things. Robert Westover, a garage owner in Montana, who once hired Lindbergh to make parachute jumps, says, "I don't think he was lonesome on that trip. Slim Lindbergh was a peculiar guy. He did not care for company or any excitement, except daring stuff. Everything he had he carried with him, helmet, goggles and toothbrush stuffed in the big pockets of his overalls."

Lindbergh's difficulty now will be to find something worth doing that will not kill him.

Lindbergh proves that deeds of daring "mad-cap audacity," seeming reckless at the time, are of great permanent value. It was called reckless folly when Columbus made his transatlantic "hop" in the opposite direction. Cool heads told him he would fall over the edge of the ocean, and his crew wanted to turn back. Fulton's experiment with steam, and Franklin's with the kite, seemed foolish. Congressmen that voted to spend money on government experiments with telegraph messages were beaten for re-election. The voters "had no use" for a Congressman that would vote to waste money.

Lindbergh's feat will find an echo in the next Congress. It will occur to some Congressman that if one man, all alone, could fly from here to Europe, some thousands might fly from Europe or Asia here, and be less welcome than Lindbergh was in Paris.

The record shows that Lindbergh's Wright motor used less than twelve gallons of gasoline per hour of flying and did better than 100 miles to the hour. At twenty cents a gallon that means about \$181 worth of gasoline, plus twenty gallons of oil. Not expensive for a trip to Paris.

Anybody who doubts that airplanes will carry passengers across the ocean for less than \$50, "all day light route," has little confidence in human ingenuity.

Statistics show this country's income in 1926 totalled seventy-eight billion, six hundred and forty-nine million dollars, from all sources—the ditch digger's wages, the coupon cutter's toll.

That means \$671 for every man, woman and child, or \$1,805.37 for every person engaged in earning money.

Prof. Nash, teacher of physical education in New York University, justly criticizes violent exercise for young girls.

To permit competition for girls in hurdle races, high jumping, broad jumping, etc., is a crime against the girls now, and against the future generation.

Girls were not made to JUMP. They were made for modesty, and should be taught to respect and protect their complicated machinery.

In the Fall "medicinal whisky," bourbon and rye, made of corn and rye, will be manufactured under supervision of the treasury department.

No whisky should be suggested for medicinal purposes. If doctors say alcohol is necessary, they should use brandy made of grapes. Many poisons are in grain whisky, even carefully made. Real brandy is free of poisonous oils and other poisons, unless you call pure alcohol a poison.

Wood alcohol is deadly, potato alcohol is very poisonous, grain alcohol less poisonous, grape alcohol safest.

Those that sent threatening letters, concerning the Sacco and Vanzetti case, to Governor Fuller did not frighten the governor. He rejects the suggestion of a commission to review the Sacco and Vanzetti case, saying that the responsibility is his. The governor cannot delegate his authority. The law provides that the decision must be made by him.

Governor Fuller will do his own investigating and his own deciding.

Consumptives will be interested to learn that physical work, even "hard work" in reason, is beneficial, not harmful, except in extreme cases.

Consumptives often have lungs that might be called "too good," the heart finds difficulty in pumping an adequate blood supply. Exercise in moderation strengthens the heart, helps the patient.

During the past ten or twelve days Governor Murphree has appointed and Secretary of State Walker Wood has issued commissions to the following: Harrison county: B. B. Brister, George Chitto, Lincoln county: B. H. Colmery, Vicksburg, Warren county: H. B. Cole, Lowndes county: J. O. Coker, Aberdeen, Monroe county: C. Perrell, Laurel, Jones county: A. L. Ford, Aberdeen, Monroe county: Miss M. W. Hiskins, Lexington, Holmes county: Miss Mary A. Hobbes, Hattiesburg, Forrest county: Miss Alma Lee, Poplarville, Pearl River county: J. P. Perkins, Jackson, Hinds county: Miss N. O. Royals, State: B. W. Ritchey, Long Beach, Miss Smith county, J. D. Springer, Shannon, Lee county: Miss Annie Spain, Tunica, Tunica county: Mrs. Louise R. Sabin, Greenwood, Leflore county: Miss Mary Wolfe, Columbia, Marion county.

Former Grand Michel Obolensky, of Russia, was sent to jail in New York for making a speech advising that the Russian revolutionaries should be killed.

June.

And what is so rare as a day in June?
Then, if ever, come perfect days;
The heaven tries the earth if it be in
tune,
And over it softly her warm ear
lays;
Whether we look or whether we
listen,
We hear life murmur, or see it
glisten;
Every clod feels a stir of might,
An instinct within it that reaches
and towers,
And groping blindly above it for
light,
Climbs to a soul in grasses and
flowers;
The flush of life may well be seen
Thrilling back over hills and
valleys;
The cowslip startles in meadows
green,
The buttercup catches the sun in
its chalice,
And there's never a leaf nor a blade
too mean
To be some happy creature's
palace;
The little bird sits at his door in the
sun,
Aitil like a blossom among the
leaves,
And let's his illumined being o'er-run
With the deluge of summer it re-
ceives;
His mate feels the eggs beneath her
wings,
And the heart in her dumb breast
flutters and sings
He sings to the wide world, and she
to her nest—
In the nice ear of nature, which
song is the best?
—JAMES RUSSELL LOWELL,
in "Vision of Sir Launfal."

Little Echoes.

Lindbergh is the boy who put the
rep in INTERPID, Grady says "Lindy"
also put the rep in REPUTATION.

It is reported that the "House-
wives League" uses 582,369,302,711
balls during the season.—Moth balls.
Pat Cassidy says he sold a few
thousand himself.

Vacation season is here again.
Have you done your Christmas shop-
ping yet? Dad will know what we
mean. He already has Xmas savings
accounts "going good" at both the
"Hancock" and "Merchants" banks.

Insurance companies declare that
the bathtub is a new hazard. A news
note of particular interest to all
small boys excepting in Bay St.
Louis, where the "bay" is the one big
tub none ever shirk from.

No man can say with assurance
this year that his wife will not appear
in print. Printed material for women's
wear is now all the rage.

Here lies the body of "Jazzaboy"
Kent. He drank some Hancock county
safe stuff and away he went.
"Safe" stuff is right. Nitroglycerine
or TNT.

The drug store cowboys keep business
away. Albert Jones can cap-
ture a few under the vagrant laws.
And a lot of others, too, who are not
d. s. c. b's.

Fashion says black and white com-
bination all rule for the summer.
The President is right in style. The
summer WHITE House in the
BLACK Hills, while PINE Hills will
not be in vogue this summer.

Congress will not meet in special
session to consider the Mississippi
flood situation. We've heard before
that "water" is of very little interest
to congressmen.

A local man has discovered a
method of getting to work early each
morning. He has made arrangements
with his daughter to call him when
she comes in.

Saw Birds in Mid-Atlantic

The flight of Capt. Charles Lind-
bergh was not born of sheer luck.
He had flown 1,823 hours, making
7,190 flights and carrying 5,961 pas-
sengers, with no accident to them.
There is not the record of a man un-
prepared for a flying task.

On his trip across the Atlantic,
Capt. Lindbergh tells of the sights
that he witnessed. His article is
copyrighted and cannot be reprinted,
but we do not think that it is amiss to
mention some of his observations.
Fifteen keelers were seen and
large icefields. Some of the bergs
were beautiful and looked enormous,
even when viewed from a high alti-
tude. Traveling above the clouds, in
the moonlight, is a thrill like fairy-
land, and one of the most lovely
things that the world has to show.

Capt. Lindbergh speaks of the birds
which he saw out in the middle of the
ocean and observes that some of the
sea gulls must fly across the Atlantic.
He saw them half way across, watch-
ed them settle on the water and won-
dered what they found to eat.

These are interesting observations
of the noted aviator as he winged
his way to fame. He took with him
a few flares, some fishing line and a
needle and thread, which he used to
make kites from the canvas of his
plane if he was forced down. One
hundred miles from Ireland he saw
porpoises, but, excepting the birds,
that was all the animal life that he
could see.

Chief of Police Collins of Chicago
declares that the club as a weapon
for policemen is "a useless relic of
bygone days of brickbats and fists."

A small riot was caused when New
York writers in a Bowery restaurant
tried to put out four customers be-
cause they were no callers.

ROCKACHAWS OF OLD TIE GAME WITH PRESENT ST. STANISLAUS TEAM

Alumni Battle 1927 Team to Six All in Good Game Here
Last Sunday in Best Game of Season—Rockachaw
Pep Noted All Over Field.

Rockachaws of today met Rockachaws of yesterday on the old diamond last Sunday in one of the nearest, fastest and peppiest games of the season and ended in a hard knot, 6 all.

"Hippo" Philips was on the mound for the "old boys" and showed that he is not yet ready for the rheumatic age by holding the heavy-hitting "It" team to half dozen bingles.

Hip twirled a nifty game and though the lads bunched a few hits and had the assistance of misuses for a couple of stanzas, which came near his undoing, he tightened up enough to stop them.

Hank Egloff led off on the mound for Stanislaus and was gilt-edged for the trio of spasms he twirled. Eggs held them hitless and the only man to reach the initial station was Hippo, to whom was issued free transportation.

Cotton Collier took charge of the ship in the fourth and the alumni sailors started a storm of bingles, resulting in three tallies for alumni. Gex, first to face him, walked; Shirer singled and Burns took a free passage. The paths were crowded when Blaize stepped into one of his

liking and slammed out a single to left-garden, scoring Walker. Fatty Reich, running for Burns, had too much excess baggage and by the time the "Nick Albrock," of Old Stanislaus, blew for the keystone, hefty Perre was waiting with a pink ticket to tag him. Hassinger sent a long one on the moon route to Schwartz in center, Shirer scoring. G. Y. registered a few minutes later when Charley died as Baron popped to Rinaudo; score, 3-1—Alumni.

The "Wases" jumped on the cotton market as "Bears" and down dropped the price as they scored a brace of runs in the fifth. Hippo sent out a double and scored when "Lil-Bit" Parilla duplicated the feat. Ger died; Collier to Montz. Shirer collected his second single of the day and put "Lil-Bit" across. Cotton tightened and stopped the rally as Burns flew out and Shirer was nipped on a pifer.

The Rocks added two in their half. Blondy Fabacher singled and came in on Bontemps' double, who scored as Shirer juggled two successives from Collier and Schwartz. Marchie died stealing.

They got two more in the seventh to tie the score. Rinaudo doubled, went to the hot corner on Jaubert's slippery handling of Bontemps' drive. Cotton hit out for a double, scoring Bontemps, but died on the bag.

Each bunch of spurs got a marker in the last inning, continuing the tie, but the game was called to permit the chummy alumni to get the showers and the home train.

It was the end of a perfect day. The boys of days ago had once more met on the beloved grounds of Old Stanislaus, renewing old friendships and reviving old jokes on each other. The old college spirit had taken the upper hand for the nonce, business and the general cares of hustling life were laid aside for the undying exhilaration of youth, revived and spiced, celestial and marketable, ruled.

Due to the conditions existing throughout the South, many old boys were absent, and they were greatly missed.

Cuevas Radios Win Over Bay St. Louis

Cuevas Radio team, of Gulfport, had as easy win over the team from Bay St. Louis on the Cuevas diamond, winning by a score of 22 to 9. The Bay team did not have a chance with the Radios, they lacked the training and experience in baseball, charges the Gulfport Herald.

The Radios advanced their batting averages. Spence, second baseman for the Radios, had a perfect day at the bat. Six trips to the plate, knocked the old pill out for two singles, two doubles, a triple and a home run. Jasper, for the Bay team, and Fredericks, of the Radio team, also hit the pill for a round trip.

The box score:
Bay St. Louis.....AB H PO A
Bontemps, cf.....4 2 2 1
Moral, lb.....5 2 7 0
Paydon, ss.....5 0 1 3

Summary—Two-base hits, Jasper, Spence 2; Cunningham; three-base hits, Spence; home runs, Jasper, Spence, Fredericks; hits off Fillingim, 8 in 6 innings with 8 runs; off Fredericks, 1 hit in 3 innings with 1 run; base on balls, off Fillingim 1, Fredericks 1, Maurigi 1; struck out by Fillingim 4, Fredericks 1, Maurigi 2; hit by pitcher, by Fillingim 1 (Benedetto); umpire and scorer, Kenneth; time, 2:25.

Kiln Lumberjacks to Meet Gulfport Creosote Works At Kiln Sunday, June 12.

The Kiln Lumberjacks will meet the Gulfport Creosote Works' team at Kiln Sunday, June 12th, at Lott Park. According to data received on the Creosote boys they have one of the strongest teams outside of Mississippi. They hold two decisive victories over the Dana Feeds, and the Feed Handlers boast of a 10-2 win over "Slick" Ball's Lyman Lumberjacks, wherein they chased Mississippi's Speed Ball King to the show-ers in favor of a relief pitcher. A feat performed by only a few teams in the state.

The Lumberjacks will have their usual lineup with Louis "Old Man" Summers in the box, Burke behind the bat, and "Big Boy" Moran as reliever. Umpire "Square Deal" Dandridge will call "play ball" at 3 p. m. sharp. The Lumberjacks face their hardest game of the season.

Kiln Lumberjacks Give Way to Ocean Springs

Kiln, Miss., June 7.—The Kiln Lumberjacks defeated the strong Ocean Springs nine here Sunday in a hotly contested affair; score, 4 to 2. Jack Lott, star keystoner for the Lumberjacks, was the individual hero of the afternoon, driving the ball to centerfield for three sacks in the last of the eight with two men on the

paths. He also secured two of the locals' four hits and scored two of their four runs. "Old Man" Summers, the "Death Valley Jim Scott," of the local outfit, and who has seen nearly twenty-five years of service in ball tossing, pitched one of the greatest games of his life. He held the hard-hitting coast boys at his mercy practically throughout the entire contest, only three safe bingles being

chained up against his delivery, and was invincible in the pinches. Lurdy, who was on the mound for the visitors, also had an excellent game, while his teammates played airtight ball behind him. Walker, third-sacker for the locals, and Schillings, in the same position for the visitors, both making sensational plays, provided the fielding features stops at the hot corner.

"Shine" Smith, who formerly played with the Purvis A. H. S. team, made his debut with the Lumberjacks, replacing "Shorty" Cameron in centerfield, his showing was very impressive.

The Lumberjacks play at home again next Sunday. Score by innings:
Kiln.....100 000 030—4
Ocean Springs.....000 100 010—2
Batteries—Kiln, Summers and Burke; Ocean Springs, Lundy and Westbrook. Umpire, Dandridge. Scorer, Lavendere.

More than \$2,000 was taken in Sunday in the 13 hours the new Mobile bay bridge was open, according to John Cochrane, president of the bridge company. Total receipts for the day, when the bridge closed at 8 o'clock were \$2,283.

The exact number of cars which passed over the bridge was 1,816, according to Mr. Cochrane. When calculated, it was shown that an average of one automobile approximately every 25 seconds passed over the span.

"I am delighted," Mr. Cochrane enthused when the day's reports were brought to him at his home. In two days, about \$3,000 have been taken in tolls on the bridge, it was announced. Saturday's tolls amounted to about \$700, it was stated. Five hundred and fifty-eight cars passed through the toll gates Saturday, and more than three times as many Sunday.

Saturday's business found more cars passing over the bridge eastward bound than westward, but yesterday, while the balance was very nearly even between the numbers of cars bound east and west, those going westward had a slight advantage in numbers.

The formal opening of the bridge will be held June 14, when for the first time the span will be opened for 24-hour service. In the meantime, it will be open for passage 13 hours a day, from 7 o'clock each morning until 8 o'clock each night.

Second Liberty Loan bonds will be accepted in exchange at par. Accrued interest on the Second Liberty bonds offered for exchange will be paid as of June 15, 1927.

Second Liberty Loan bonds have been called for payment on November 15, 1927, and will cease to bear interest on that date. Holders of bonds who desire to take advantage of the exchange offer should consult their bank or trust company at once. All exchange privileges will be available for a limited period only, and may expire about June 15th.

Further information may be obtained from banks or trust companies, or from any Federal Reserve Bank.

Black Hills a Beauty Spot.

Only the arrival of Captain Charles Lindbergh from Europe delays a possible earlier start of President Coolidge for his summer camp, the South Dakota Game Lodge, situated high in the Black Hills. In a special cable to American's flying ace, the President asked Lindbergh to come direct to Washington on the cruiser Memphis, to arrive at the capital by June 11th.

President Coolidge does not want to start for the West until he has officially welcomed home our "Ambassador of the Air" who made history in his Atlantic hop, New York to Paris. Also the government wants to confer all suitable honors and show appreciation in a fitting manner.

Summer White House in Black Hills. Within the week after Lindbergh's arrival the President and his office staff, with a great group of special press correspondents will be off for the West and for the next ten to twelve weeks the nation at large will learn many interesting facts not generally known about the beauties and charms of the Black Hills.

The decision by the President to make the South Dakota Game Lodge the official summer White House during 1927 will advertise a very much neglected resource. Residence by the head of a nation is usually the making of a resort. Before George IV went to Brighton it was known only as a fishing hamlet under the name of Brightelmstone. For a hundred years since it has been England's Atlantic City.

No doubt, many sincere, but not fully informed American students of geography will lose some wagers this summer if history repeats itself. Natives of North Carolina once paid handsomely for misdirected faith in their knowledge of facts.

The Highest Peak East of Rockies. Mt. Washington in the White Mountains of New Hampshire, stands 6,111 feet above sea level. In North Carolina stands Mt. Mitchell—which towers some 423 feet above Mt. Washington. It was the honest belief of native sons that Mt. Mitchell was the highest peak East of the Rockies.

Therefore, when strangers appeared in North Carolina some years ago, disputing that Mt. Mitchell was the highest peak East of the Rockies, and willing to back up their claim with cold cash—Carolians dug deep and many thousands of dollars were wagered.

Then the strangers produced U. S. Geological Survey records, showing Harney Peak, Black Hills, as 7,242 feet high—just 108 feet higher than Mt. Mitchell.

Jim and Bob Childstrom, 18-year-old twin brothers of Chicago, were fined for beating up two policemen.

In China houses are often painted with powdered oyster shells mixed with water.

It Can Be Done.

Somebody said that it couldn't be done. But he, with a chuckle, replied, "That 'maybe it couldn't,' but he would be one."

Who wouldn't say so till he'd tried. So he buckled right in with a trace of the grin.

On his face. If he worried he hid it. He started to sing as he tackled the thing. That couldn't be done, and he did it.

Somebody scoffed: "Oh, you'll never do that; At least no one ever has done it." But he took off his coat and he took off his hat.

And the first thing we knew he'd begun it. With a life of his chin and a bit of a grin.

Without any doubting or quidding, He started to sing as he tackled the thing. That couldn't be done, and he did it.

There are thousands to tell you it cannot be done, There are thousands to prophesy failure.

There are thousands to point out to you one by one, The dangers that wait to assail you. But just buckle in with a bit of a grin, Just take off your coat and go to it; Just start to sing as you tackle the thing. That "cannot be done," and you'll do it.

—Edgar A. Guest.

Canada's birth rate is greater than that of any other nation, being about 23 per 1,000 population. That of the United States is about 22.

The blacksmith shop at Watertown, Mass., where Washington's horse was shod on the day he took command of the Continental army, is still standing, but was recently turned into a garage.

Notice to Candidates. All candidates that expect to run in the primary election in August are hereby notified that they will have to give their name to the Secretary of the Democratic Executive Committee by July 2nd, 1927.

Assessments must also be paid by that time, otherwise the names will not appear on the ticket.

NOTICE TO CREDITORS. Administratrix's notice to creditors of Andy J. Becker, Sr., deceased.

Letters of Administration having been granted to the undersigned on the 2nd day of May, 1927, by the Chancery Court of Hancock County, Mississippi, upon the Estate of Andy J. Becker, Sr., deceased, ing claims against said estate to present the same to the Clerk of said Court for probate and registration according to law within six months from this date or said This 7th day of May, A. D. 1927, MISS MARY BECKER, Administratrix. (May 7-14-21.)

PROPOSED AMENDMENT TO THE CHARTER OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI.

Be it ordered by the Board of Mayor and Aldermen of the City of Bay St. Louis, that the charter of the City of Bay St. Louis be amended by repealing amendment No. 1, creating a Bond Commission.

Section 1. That the amendment to the Charter of the City of Bay St. Louis, Mississippi, creating a Bond Commission, be repealed.

Section 2. That this amendment take effect and be in force from and after its publication, approved and record thereof as required by law.

Watch Elimination!

Good Health Depends Upon Good Elimination.

RETENTION of bodily waste in the blood is called a "toxic condition." This often gives rise to a dull, languid feeling and, sometimes, toxic headaches and headaches. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. Thousands have learned to assist their kidneys by drinking plenty of pure water and the occasional use of a stimulant diuretic. 50,000 users give Doan's signed endorsement. Ask your neighbor!

CITY ECHOES.

—Mr. and Mrs. Wm. Cooper spent Wednesday in New Orleans, combining business with pleasure.

—Watch for Sophronia's wedding. After a two-week stay in New Orleans, visiting friends, Mr. Alfred J. de Montuzin returned home and will be found at his post of business for the summer season.

—The Bay Mercantile Company will have a big announcement to make shortly.

—Miss Norah Hoffpau, of New Orleans, the charming and accomplished guest of Bay St. Louis friends this week, returned home today by motor route.

—A Palmer Lott, local realtor, has a special ad in this week's Echo. A special bargain in choice beach property, improved, at only \$49.00 per foot. Can you beat it?

—The Bay Mercantile Company carries the two best paints made in the United States, Olympic and De Voe, at bargain prices. Next week we must reduce our immense stock of these.

—Mr. and Mrs. Leo Kenney had as their week-end guests Mr. and Mrs. Whitney Boudin, of New Orleans, at the Kenney summer home at Cedar Point beach.

—You'll hear Sophronia's wedding bells soon.

—Miss Regina Blaize, accomplished young daughter of Mr. and Mrs. R. N. Blaize, returned a few days since from Lafayette, La., where she is a student at Southwestern university.

—Try Pinoline for mosquitoes; 44c a bottle next week to close out our stock.—The Bay Mercantile Co.

—Mrs. Clem Weston and her mother, Mrs. D. P. Morgan, of Okolona, spent Saturday with Mr. and Mrs. A. L. Jagoe at Gulfport. Mrs. Morgan, while visiting Bay St. Louis, has been an active participant in many social activities.

—Ladies' Hat Boxes 20 per cent off next week.—The Bay Mercantile Co.

—Mr. and Mrs. Hubert de Ben and their brand new baby, Melanie, accompanied by Mrs. de Ben's sister, are spending a while at the de Ben family summer home on the beach front. They motored over Sunday morning from New Orleans.

—Cup and Sauer while they last, two cups and two saucers for 15c.—The Bay Mercantile Co.

—Miss Hilda Thomas, daughter of Mr. and Mrs. E. A. Thomas, had as guests at the family home in West Carroll avenue for the week-end, Mr. and Mrs. J. Mathes, Mr. and Mrs. C. F. Kern, Mrs. M. Wilmet, Miss Audrey Souza, Miss Odellie Garsaud, Mrs. Arthur Warwick, Jr., Malvin Mathes, Earl Mathes, Jack Wilmet, A. Wilmet.

—Bay Mercantile for Duco at less price.

—Born—To Dr. and Mrs. Thomas A. Maxwell (nee Vivian Grace) a third son, Lenas Joseph, on Monday, June 6, 1927, at Touros Infirmary, New Orleans. The announcement is of particular local interest. The young parents and the still young grandparents, Mr. and Mrs. John D. Grace, are congratulated on the occasion of added joy, which has come in their family.

—Perfection, Nesco Perfect and Florence Cooking Stoves.—The Bay Mercantile Co.

—Judge and Mrs. V. A. Griffith, their daughters, Margaret and Susan, and son, Neville, returned Saturday from Bristol, Va. They attended the graduation exercises at Virginia Intermont college, where Miss Susan Griffith received her diploma. They made the trip by motor; a handsome new car recently acquired by the Judge for his family.

—Buy your Charter Oak and Dixie Belle Stove and Range while the reduction is on.—The Bay Mercantile Co.

—The beautiful cake donated to the recent benefit for St. Henry's Chapel, and known as the "guess cake" was donated by Miss Elsie Spurl, and from which a sum was realized that helped to augment the funds realized. No one guessed the content of the cake, which was a watermelon seed, and as a last resort in order to dispose of the donation at advantage it was sold to the highest bidder.

—Towels and Bed Sheets at a great sacrifice next week at the Bay Mercantile Co.

—Mr. and Mrs. E. J. Dubuc returned home Sunday evening from a trip of two weeks, which time took them over to Chattanooga, a stay at Signal Mountain and general visit to that historical location, and finally over to Virginia, where they visited at Intermont college, from which their daughter, Miss Olga, graduated. They were accompanied home by their two daughters, Misses Olga and Merle, both at the same college.

—\$2.00 quality Overalls to close out, \$1.25 next week.—The Bay Mercantile Co.

—The Echo is in receipt of an invitation from A. J. Canale, chairman of the Watson-Williams bridge celebration at Slidell on Saturday, June 18th, to which the public is generally invited. This will mark an epochal event in the history of that section, and it is expected no small number of bachelors will come from the completion and operation of the bridge over Lake Pontchartrain. The hope is expressed there will be a big attendance and that Bay St. Louis will be represented.

—Big line of Straw Hats and Bathing Suits.—The Bay Mercantile Co.

—From the official program Thirty-Ninth annual convention Mississippi Bankers' association, to be held at Edgewater Gulf hotel, June 21-22, we note that W. Seal, cashier of Hancock County bank, will take part in the discussion, "Practical Suggestions As to How a Bank Can Promote Industrial Development in Mississippi," to be joined in by W. D. Cook, of Forest, and D. H. Blackston, of Canton. Mr. Seal is well read and well versed and his treatment of the subject assigned him on the program will contain suggestions and deductions worthy of the occasion.

—\$39.00 Simmons Mattresses, \$32.50. Others at same proportion of reduction.—The Bay Mercantile Co.

—While in North Mississippi last week, Mr. H. S. Saucier, who is president of the Bay St. Louis chapter of the Izaak Walton League, took advantage of the close proximity of the government fish hatcheries at Tupelo and motored there to see the marvels of fish culture. He reports that it is a most wonderful institution and its officers the most courteous; they took pains to show the party through the place and explain everything, ending by promising that they would do all in their power towards assisting Hancock county in securing all the necessary fish with which to stock our waters.

—Flattering is the report of the committee on collection from the Church of Our Lady of the Gulf regarding the effect of the new system of paying 10 cents for pew seats, effective last Sunday. Basing estimates on last Sunday's figures, where \$1,500 per annum was heretofore collected, some six or seven thousand dollars will result. The church has many thousand dollars worth of outstanding bonds, recently issued, and this sum will be necessary to take care of the church and discharge its obligations. It is gratifying to learn the plan is going to work successfully, as introduced to the local parish by Mr. Christian Capivelle.

—The Board of Supervisors adjourned Thursday afternoon, after hearing a committee from the Board of Mayor and Aldermen and City Attorney Robt. L. Genin, seeking to collect approximately \$13,000.00 due the city as its pro rata share ad valorem taxes, according to the statement by the city. The Board of Supervisors received the gentlemen and informed them they would take the matter "under advisement." The amount is due and the law does not specify just when it should be paid. The Board of Mayor and Aldermen, depending on this payment, had adjournment from evening to evening, until it was forced to pay only such bills as its funds on hand would warrant. This amount it appears was approximately \$1,700, while the bills on file for payment amounted to about \$2,500.

—A complete line of Miro Aluminum and Vollrath White Enamelware. This is your chance to fill in while the cut prices are on.—The Bay Mercantile Co.

—J. N. Wisner was the principal speaker Tuesday evening at the regular monthly meeting of the Bay St. Louis Chamber of Commerce, dwelling on the encouraging prospects for Bay St. Louis in the immediate future. He said there were many people knocking at Bay St. Louis' door and soon there would be more people here than houses to accommodate them. Mr. Wisner made an earnest plea for the buying of the hatchet. He said I've made mistakes; you've made them. Let's banish all such feeling, and with faces turned anew let us work out for all and all for one, for a better and bigger Bay St. Louis-Waveland district. His remarks were well taken and his enthusiasm and spirit was telling. He concluded his remarks with a working model.

INITIAL SKIRMISHES
IN TRIAL OF NEGROES;
ANDY BECKER CASE

Gex, Jr., Motion to Squash Jury Panel Sustained—Consents No Negro Selection Violates Constitution—Trial Set For Next Week.

Gulfport, Miss., June 10.—Attorneys differ as to which really won the greatest victory, the state or the defense in the cases against Willie Coleman and Steve McKann, Hancock county negroes, charged jointly with the murder of Andrew J. Becker, Bay St. Louis garage operator, who was killed on April 17 near Kiln and which cases were brought to Gulfport for trial on a change of venue.

Judge White late yesterday afternoon sustained the motion of attorneys for Coleman and quashed the jury panel which had been selected to try Coleman and also quashed the entire jury list of Harrison county on the motion to quash which was based on the grounds that negroes were purposely kept off the jury lists by the boards of supervisors not placing the names of negro citizens in the jury box. The entire jury list was discharged and the sheriff ordered to go out into the county and summon forty men to appear for jury service on Monday, June 13, the date set for the trial of Coleman.

McKann Trial to Wednesday. The trial of Steve McKann, alleged accomplice of Coleman in the death of Becker and charged jointly with him for the murder scheduled for trial today, was continued until next Wednesday when upon the introduction of a motion to quash the indictment made by defense attorneys, W. J. Gex, Jr., 21-year-old Bay St. Louis lawyer, who is trying his first case in court since his recent graduation from the University of Florida and his offer to introduce proof to the effect that the grand jury bringing the indictment was drawn from the Hancock county jury box in which there were no names of negroes, drew from the district attorney a request for further time in which to meet the proposed proof. Young Gex had several members of the Hancock county board of supervisors and the sheriff and circuit clerk of that county on hand as witnesses to prove the allegations set out in his motion to quash.

Attorneys Bring Out Fine Point. Much comment is being heard on all sides from those who have been manifesting an interest in the outcome of the trial of these two negroes relative to the raising of the color question by attorneys for the negroes. There is little doubt in the minds of some but that the motion attacking the federal constitutionality of the Mississippi system of jury selection were made as a groundwork and basis for appeals to the United States supreme court in case convictions were had.

Some advance the opinion that the turn taken by the cases in the sustaining of the motion quashing the jury panel and the jury list was in reality a victory for the state in that the sustaining of the motion will do away with the likelihood of the cases finding their way to the federal supreme court on the race or color question.

—Tumblers, 2 for 5c next week.—The Bay Mercantile Co.

—10 Per Cent Reduction on Gold Line Crochery next week. Everything to complete your set.—The Bay Mercantile Co.

—C. G. Moore returned home this week from trip to his farm near Brandon, Miss., where he recently received 30 head of registered Jersey stock, an acquisition to his country place of value and interest. At present the dairy product from the farm is shipped to the creamery at Jackson, but better opportunity will be offered soon when the Armour interests will have built their creamery and cheese factory at Brandon. While Mr. Moore is a great booster and doer for his race, he is imbued with the possibilities of Mississippi and his recently-acquired farm will in due time become a place of industry and success. The place is in competent hands, and he occasionally takes a "flying trip" to and fro.

—Entire third floor of the Bay Mercantile Co. is stocked with Furniture. We must reduce our stock at once.

—The Board of Supervisors adjourned Thursday afternoon, after hearing a committee from the Board of Mayor and Aldermen and City Attorney Robt. L. Genin, seeking to collect approximately \$13,000.00 due the city as its pro rata share ad valorem taxes, according to the statement by the city. The Board of Supervisors received the gentlemen and informed them they would take the matter "under advisement." The amount is due and the law does not specify just when it should be paid. The Board of Mayor and Aldermen, depending on this payment, had adjournment from evening to evening, until it was forced to pay only such bills as its funds on hand would warrant. This amount it appears was approximately \$1,700, while the bills on file for payment amounted to about \$2,500.

—A complete line of Miro Aluminum and Vollrath White Enamelware. This is your chance to fill in while the cut prices are on.—The Bay Mercantile Co.

—J. N. Wisner was the principal speaker Tuesday evening at the regular monthly meeting of the Bay St. Louis Chamber of Commerce, dwelling on the encouraging prospects for Bay St. Louis in the immediate future. He said there were many people knocking at Bay St. Louis' door and soon there would be more people here than houses to accommodate them. Mr. Wisner made an earnest plea for the buying of the hatchet. He said I've made mistakes; you've made them. Let's banish all such feeling, and with faces turned anew let us work out for all and all for one, for a better and bigger Bay St. Louis-Waveland district. His remarks were well taken and his enthusiasm and spirit was telling. He concluded his remarks with a working model.

—The perfection of the cyanide process of extracting gold initiated an increase in the production of gold that was accompanied by a steady rise in the prices of commodities, interrupting an economic trend which had continued to have set an entirely different stage for the world's industrial countries.

The emergence and establishment of the concept of practical independence on the part of the dominions of the British empire, a thing most emphatically not the news of a single day, may well have changed the trend of world history.

—Nor could one assign a date to the beginning of the profound change in the attitude of mankind toward religion, nor to the emergence of the scientific point of view. There is a general feeling of a new era dawning.

—The popular books of questions are interesting enough, but a far more interesting questionnaire may be made by letting half a dozen intelligent persons set down what in their opinion have been the most important events of the past fifty years. Probably a fair percentage of the really important events lie wholly within technical fields, of which it is safe to say that the triumphs of medical science have not been the least.

—Journal of Commerce and Finance, N.Y., June 1.

—One of the most important questions confronting newspapers today is white newspaper and the fact that it can be made here 25 per cent cheaper than in Canada, with a perpetual supply by reforestation is a potential source of revenue.

—Now it is here, but when it entered the human drama it would be hard to say.

COUNTY OFFICERS GIVEN NOTICE

Dr. C. M. Shipe, county health officer, and F. S. O'Neal, county agent, have been served notice by the Board of Supervisors of Hancock county, according to an order on the minutes, that there will be no more use of such services after July 1st. It is the intention of the board to abolish the offices, it is said.

Eugene Clark, Marshall Ballard and Carl Marshall were principal speakers before Rotary club Wednesday evening, delivering short but splendid addresses freely punctuated with witicism. It was a genuine treat, and the meeting a happy one. John Osoinach, chairman Rotary Education committee, presided.

There will be a regular monthly meeting of King's Daughters and Sons of Bay-St. Louis, held Monday afternoon at Hotel Weston, 3:30 o'clock. Members and others interested are respectfully urged to attend.

The public is cordially invited, through the medium of The Sea Coast Echo, to attend the benefit card party Friday evening at the B-W. Y. club, benefit King's Daughters.

What Makes Great News?

Newspapers have spoken of Lindbergh's flight as one of the great incidents of real news. It is not often that the entire first page of the metropolitan dailies is devoted to a single happening.

What have been the great events from the newspaper point of view? We believe that exclusive of things having to do with the World War the sinking of the Titanic regarded in newspaper offices as the greatest news item of modern times. It staggered the world, and remained the central theme of public attention not merely for days but for weeks. Still excepting the war and its aftermath, Lindbergh's flight has held the center of the stage as nothing else has done since the Titanic disaster.

It may be that neither of these was a matter of transcendent importance in history in the sense that it changed the course of human events, while disasters such as that which has overwhelmed the people of the lower Mississippi valley probably affect the fortunes and careers of men for generations yet to come. Like so many important events in history this was not focused in a single happening.

Captain Jameson's raid was, one may imagine, an event, as things turned out, of major importance in history. The day that Ford turned the corner and was definitely headed on his extraordinary demonstration of the possibilities of mass production opened a new chapter in our industrial life and marked the beginning of profound changes in the ways of living of a great people.

The perfection of the cyanide process of extracting gold initiated an increase in the production of gold that was accompanied by a steady rise in the prices of commodities, interrupting an economic trend which had continued to have set an entirely different stage for the world's industrial countries.

The emergence and establishment of the concept of practical independence on the part of the dominions of the British empire, a thing most emphatically not the news of a single day, may well have changed the trend of world history.

—Nor could one assign a date to the beginning of the profound change in the attitude of mankind toward religion, nor to the emergence of the scientific point of view. There is a general feeling of a new era dawning.

NOT IN THE GUIDE BOOKS

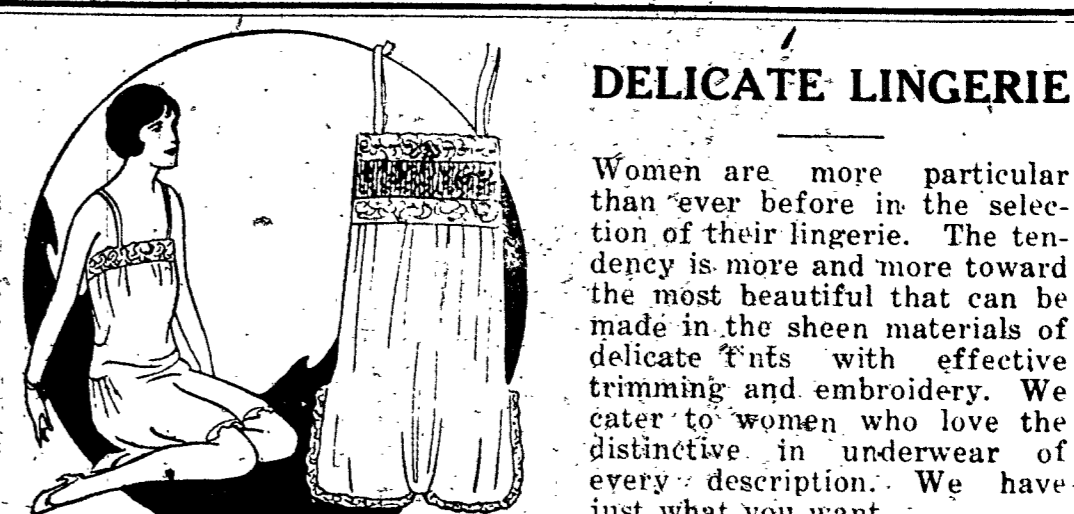

You can find lots of literature on how and where to travel and spend money, but they don't tell you how to get the necessary money.

We don't blame anyone for wanting to travel and see the world, but first let us tell you how to get the money.

Open an account in our bank, regularly add to it every cent you can spare—and it won't be long till you have the funds for the trip.

We will welcome you.

Merchants Bank & Trust Co.
BAY ST. LOUIS, MISS.

DELICATE LINGERIE

Women are more particular than ever before in the selection of their lingerie. The tendency is more and more toward the most beautiful that can be made in the sheer materials of delicate lints with effective trimming and embroidery. We cater to women who love the distinctive in underwear of every description. We have just what you want.

THE EXCLUSIVE SHOP,

COLLEGE ECHOES

As the twelfth of June, nineteen hundred and twenty-seven, is fast approaching there is a spot in the heart of every graduate that grows sadder. That day will set aside a place in their memories that will never be forgotten. We will all be glad to receive our High school diplomas, but along with the joy comes a sadness that will tinge the joy—the bidding farewell to our school chums and friends in Bay St. Louis.

How we will all hate to have the conductor yell, "All Aboard." It will be with a heavy heart that we will be rushing here and there shaking hands and bidding farewell to everyone. It will be with tears in our hearts that will stand on the back of the train and see our friends waving to us, fade away from our sight.

Bay St. Louis will forever hold a spot in our hearts and memories. How often we will remember the kindness of the people. Our days at Bay St. Louis. It was always they who would do more than their share to give the college boys pleasure and never grew tired of giving little parties and dances to break the monotony of college life, which as everyone well knows grows hard on the young mind.

In times when we wanted to have a bazaar or a fair to send our teams to the national tournament, who was it that always came to our support? It was our truest and loyal friends of Bay St. Louis. It was always they who would do more than their share to give the college boys pleasure and never grew tired of giving little parties and dances to break the monotony of college life, which as everyone well knows grows hard on the young mind.

There are no words which can express our thanks, but as we have only those weak words of gratitude we will thank you from the bottom of our hearts and hope some day to return some of the many kind favors bestowed upon us. We trust that our Heavenly Father will forever bestow his kindest blessings upon one and all.

With heavy hearts we bid you all a long farewell and with hopes of meeting you once more in the distant future.

Children from 8 to 10 years old have recently displayed pictures at a Paris art exhibition.

If you are looking for something particularly new and smart in the way of necklines, here is one that is decidedly different. Neither round, square nor V-shaped, neither boat-shaped nor turtleneck, the unusual line of this slip-over frock forms a noteworthy innovation in summer styles that is sure to find favor among smart women. The plicated bow of self material placed at the point of the neck has a companion piece in the bow of the plicated girly; the plaits of the skirt occur only in front. The various silk and satin crepes and light weight wools are the best materials for this attractive frock. Copyright, 1927, by Butterick.
